resisted bounds around the atmosphere and off satellities positioned account the Earth's obstit Some of these agraesh are beamed far into space where they could, potentially, be packed up by elected Ways 1970 don't believe in almost You better think again! The Earth is being threadered by something, and it's save not lumnar.

But Board on the far off collars of "Blessmonth".

(Nebula Quadrant), where an extrace of story green (but reasonably stupid) aliens were monitoring the Earth's transmissions

at a specific time to a specific tolevasion channel and picked up The Wildelfe Show. After watching a few shows, they disjusted themselves as the obscussly dominant species on Earth – the gengum Soon after landing on Earth they realized they had made a mistake. It was unlikely that a pengue could infatrate the human race and become President, so a rethink was in orde

So, to recap, we have stray green alters disguised as penguinc, disguised as humann, typing to invade the Earth Ofcourse, they had to improvise a bit on the new disguises. As result, the disguises fool nobody!

When Earth penguins found out about this slut on their integrity, they were not happy and now they're out to set the record straight. Woe to any aften penguin who meets a good penguin. He'll be in for a fight!

of intergalactic do-goodery, Bennard and Rodney. This dynamic doo is a legend throughout the brown unrecen. You don't mess with these boys. Bennard in a denome with a frying pain and Rodney sicks but mith a base ball but in cise you haven't fingured is out, Bennard doesn't cook and Rodney can't play baseball. They use their accessories in other ways?

The object of Attack of the Mutant Perguins is to get ind of the aken and mutant penguins any way you can The alers have brought a territic weapon of distriction – the Doomscale – with them, and you must use Remark or

Documscale – with them, and you must use Bernard or Bodiney to Stop them from activating it You can arm Rodney with baseball blues, super-dubs and took-breath or arm Bernard with frying pain, efecting pens, becomerang pass and give him Samufai powers. You can also use dynamatic nature and deformers.

That's multi, you don't have to fall all the altern

personally. You can build and activate various lethal-topenguen machines such as the **Spike-Shafter**, the **Chopper** and the

you You'll also get help from the good Earth penguins (hourlay) occa ascauly. Let them roam the pathways looking for a fight and you'll soon get one if they meet a led guy. Oh yeah, pleas try not to kell the good guys acodentally. The machines and weeponry are just as lethal to them!

Good penguins will also try to much the Doorrscale because they can counteract the effect of the alien

In short, kill the alien penguins, don't kill the good penguins. Stop the alien penguins from reaching the Doomscale, but try to let the good penguins reach it.

IT'S THE TO WASE IN

GETTING STARTED

- Insert your Attack of the Mutent Penguins cartridge into the cartridge slot of your Jaguar 64-Bit Interactive
- o formation formation
- 5, Press the 8 button to start a game, or the A button for Pandemonium

OWER LEVE

PARTEMONENT LEVEL

If you select Pandemensurs, be prepared for a never-ending battle. Those also pengues never stop coming. Pandemonium levels are a great place to practice your technique and bash a bursh of alsons. There are four differences.

the soth level. After ten levels you can start on any level

Press the **Option** button to con-

The default settings for Attack of the Mutant Pengusia a listed here. You can customize your buttons by using the **Option** menu.

JOYPAR - Move character around the screen

A SUTTON - Drop Gremkins and flip Switches Hold to display

B SUTTON - Use weapon (if collected)

C SUFFON - Use special item (dynamics, plus, instant build)

AND # - Easet the game.

PAUSE - Pause the game. While you are paused you can

Marris Makes

Press the A button to get to the Music Volume screen, then press left or right on the Joypad to change the volume Press the A button around to back to the Pause screen.

Press the B button to get to the Sound Effects Volume screen, then press left or right on the Joypad to make your volume change Press the B button again to go back to the Pause surren.

Game Ontion

Press the C button to adjust the Same Options Press up or down on the Joypad to select Presk Mode, Level Reset or Tutorial and press right or left on the Joypad to turn them on or off

Helps you fearn your way around the game. It will activate

Press the Option button to get to this area. Press the Joyp.

The cottons take effect as soon as you un pause the game this Press A to engine or B to cancel

High sones, game writings and highest levels are retained in the carbdige even if you have turned off your legace of by timescarce Nullimedia System. The carbdings will store up to 100,000 changes. After 100,000 changes have been recorded, no more changes will be retained to clear curnerity sand changes, pees 4, 4 and Opbion while on the Attack of the Missiate Phonous title screen.

Every level starts in Peek mode (unless you have turned it off). This allows you to scroll around the map, using your Joyped, to see where most things are. Press any fire button when you are ready to start.

Start going after Gremlins as soon as you exit **Peek** mode Simply walk into the Gremlins, or anything else that's colletable, to pick them up. The Gremlins are a bit harder to collett than most throst. They'll try to escale your distribut.

Your character must gather the letters of her weapon Q A.N. for Roberts of 3 A.T. for Roberts by before he can use it You's find the letters inside borus cheets. Once you have your weepon, it can be powered up with carten boruses, usually by collecting power crise. When a perspan is let, it releases fine power other. Every time you collect a power only, the Power Bair tipon poid formed is smarreaded. If you collect need to be a second of the power other in a rous, webboard using your weapon, you

will receive a weapon upgrade. If you collect ten power orbs will receive a weapon upgrade. If you collect ten power orbs it will get a double appraise. Once a weapon has been upgraded, the power up usually lists for a set number of uses. To open borus dress or build machines, drop directline on haso. The in these has welfane us to the does or another a maken.

tham This is done by walking up to the chest or machine and presuing the **Drop** (A button default) button. You will drop one Grentin each time you press the button. You can also use the **Drop** button to operate.

switches. No Grenilins are required to use switches, and none will be dropped.

-

From time to time you may pick up a special bonus. These stems are used by pressing the Special (C is default).

. .

Coins
Start machines or open chests. Work the same way as
Grem'ins except that you use the Special button instead of
the Drose hytton.

Instant Builds
Build machines immediately, without dropping Grenlins on
them. Works the same way as Grenlins except that you use
the foodal button protected of the Prop. button.

Dynamite

Exactly what it sounds like. Use it to blow up alsen bettorung

pengun

telve a stody trail that will stop penjuris from moving for a short time. Press the **Special** button and move your character to lay the trail

You can only carry one special item at a time iff you collect a special item before you use the one you already have, it will cancel the existing item.

The top left of the screen display a counter with the number of airing pergiants currently invacing the level Your mission is to defeat them all us when the counter reaches zero, you win't the counter also displays the number of Generalist you are carrying third down the **Drop** button).

There is a **Power Bar** at the top right of the screen it shows.

the Garre). When the player has a special item, such a dynamite, it will also be displayed in this area.

every level

Market Tot streets

Your chosen character, Bernard or Rodney, will be in the center of your screen. Other areas of the lavel will scroll into

ADDRESS SAFER SAFER I

These guys are on your side. Try to let the good penguin reach the Doornscale. If there are enough of them to out weigh the Mutant penguins, the Doornscale won't go of Good penguins are not disguised and will fight any also.

ALITH PENGUINS

These are the bad guys. They'll be diessed up in some sort of costume – Cowboys, Indians, Musketeens, Julieti Kill

These are the real mean ones Large, skirry, green and hard as naist, they are more difficult to kill. They are also three times heaver than not mutant alven penguiro. Be sure to kill them before they use to the Daumorale More Mutants.

CONT. II CALL

CHRACHE
Then little blue fellows are your greatest allies, without them you can't open boxus chests or build read-rises. You must called Cremitim and days them onto brokes to build them and only them onto brokes to gen them machines to build them or on brokes to chest to open them. The basic rule with Germines, is that you drop them one at a time so you can control how many Cremitins so place on any one machine the more deprending you drop on a

DOOMECHTE

This is the largest thing on a level and is fairly easy to spot! If operates like a weighting scale and has space for good pengurs on the left and matant pengurs on the right. There is a large but for to the right of the

good pengurn, this button will be presed, all break loose, and your name will be over. Some

15

will start with the scales empty, and some will start with a

Hint, You can increase the number of good pengum on the scale at the start of a level by doing well in the bonus

MUTATION STATION

The Mutation Station is not on every level It looks like three tweets and in blood machine. When you are playing a level with the Mutation Station on it, the altern pengation is every with the Mutation Station on it, the altern pengation is every station of the station of the pengation of the station of t

Machines are different on each level. Every level.

contains one or fisce machines. Some machines are to help the penguris thoo histl, some are switch operated, and some must be built by Greenlini. Some machines break down quickly, white others had a bit longer. The machines have a kill rate between 25-100%.

Hint: Orificerat bonuses (moluplos intera) with appear if a

Hint Different bonuses (including letters) will appear if a lot of greatins are used to build a machine.

SWITCHES

Switches are simple on off devices. They control Signiposts, Barners and Machines. Some switches control only one device, but others control several devices. In most cases, a

MILLS CONS

Signposts are followed by all the penguns and can be used to redirect them Some signposts are permanent and can't be altered, others are fluored was a metch.

se alternit

Barners are another swetch-operated device. They are raised or lowered to prevent or allow progress along a

eurway.

PLAYER BRECES Player bridges can only be used by Rodney or Bernard, the penguass custod use them. They are operated by pressure and activate when Rodney or Bernard start so wisk on them. They are descrivated by wilking of the end of the

BOMBIN CHINESE

borus chests contain magodies for the player, including the letters to obtain his weapon. The are opened by dropping Gramins on them. Whe they explode, they rave a horus. For Bonoses.
